Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Stormwater Conveyance and Water Quality Improvement Project in fiscal year 2024. The entity to receive funding for this project is City of Lauderdale Lakes, Florida, located at 4300 NW 36th Street, Lauderdale Lakes, FL 33319. The funding would be used to repair, resort and protect canal network with systems currently in different stages of disrepair. The project is an appropriate use of taxpayer funds because it is essential to remove pollutants that are harmful to water quality, stop land erosion and enhance flood control.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sheila Cherfilus-McCormick
Member of Congress
